

ENVIRON TECH
ENGINEERS
AN ISO 9001 - 2015 CERTIFIED COMPANY

SOLUTION TO POLLUTION

- CONSULTANCY SERVICES
- EFFLUENT TREATMENT PLANTS
- SEWAGE TREATMENT PLANTS
- WATER TREATMENT PLANTS
- AIR POLLUTION CONTROL PLANTS
- SKID MOUNTED PLANTS
- ZERO LIQUID DISCHARGE PLANTS
- LAB / O&M / SUPPLY / SERVICES
- ENVIRONMENTAL STUDIES
- ENERGY AUDIT

CONSULTANCY SERVICES

- Pollution Control Board Consent
- Hazardous Waste Authorization
- Bio-Medical Waste Authorization
- Municipal Solid Waste Authorization

EFFLUENT TREATMENT PLANTS

- Chemical Precipitation
- Primary Treatment Systems
- Biological Treatment Systems
- Tertiary Treatment Systems

SEWAGE TREATMENT PLANTS

- Extended Aeration / Activated Sludge Process
- Moving Bed Bio - Film Reactor (MBBR) Process
- Fluidized Aerobic Bio Reactor (FAB) Process
- Disinfection / Chlorination System

WATER TREATMENT PLANTS

- Desalination Process
- Water Softening Process
- Reverse Osmosis System
- Ultra Filtration Systems
- Disinfection Process

AIR POLLUTION CONTROL PLANTS

- Dry / Wet Scrubber
- Bag Filtration
- Fume Exhaust System
- Wet Bottoms
- Cyclone Separators

ZERO LIQUID DISCHARGE PLANTS

- Reverse Osmosis Plants
- Multi Effect Evaporation Process
- Crystallization
- Solar Pan

SKID MOUNTED PLANTS

Prefabricated and Packaged Portable Type

- Effluent Treatment Units
- Sewage Treatment Units
- Skid Mounted RO Plants
- Water Treatment Units
- Pressurized Sand Filter & Activated Carbon Filter
- Disinfection Plant

OTHER SERVICES

- Operation & Maintenance Contracts
- Annual Maintenance Contracts
- Laboratory Testing & Analysis Of Samples
- Supply of ETP, STP, RO, APC Spares
- Supply of Treatment Chemicals
- Air Survey & Noise Survey

POLICY

- Achieving deliverables in compliance with client, legal and regulatory requirements.
- Dedicated to serve with commitments for quality, cost and schedule.
- Providing Precise Service towards Environmental Improvement and Sustainability.

MISSION

- To become a frontier in engineering the highly personalized and customized environmental solutions with high end standards.
- To ensure long term achievement through innovation & consistent improvement in Projects

VISION

- To serve Industries in incorporating recent technologies by our appropriate solutions to their Environmental related requisites.
- To create track for the industries on Recover, Re-use and Recycle the available resources, thus promising maximum saving of resources.
